

*Mission Statement: Activism and Advocacy Against Ageism*

## **Gray Panthers NYC Network Release Statement on 2016 Elections**

**Vision Statement:**

*The Gray Panthers envision a world where the old and the young have much to contribute to make our society more just and humane, and in which each reinforces the other in goals, strategy, and action.*

Sadly, this vision of the Gray Panthers will be more difficult to achieve if President-Elect Trump follows through with his hateful rhetoric towards Mexicans, Muslims, and immigrants, as well as his disrespectful treatment of women, African Americans, persons with disabilities, and others.

The Gray Panthers NYC Network will not back down from the challenge of making our society more just and humane, regardless of who is President. We will continue to advocate for the fair treatment of all people, no matter what. But we can't do this alone—we need the help of people of all ages, backgrounds, and talents. Through the help of many people, we can overcome the challenges that exist today, and the challenges that lie ahead.
