

TELL CONGRESS: Don't Cut Social Security

National Call-In Day: November 30th

Leaders of a Commission in Washington are proposing deep cuts to Social Security. Congress can stop them from making these cuts.

They propose to:

- Raise the retirement age to 69
- Cut benefits up to 35% for middle-income workers
- Cut Social Security's COLA, which does not pay enough as it is

Social Security belongs to you. You pay for it in every paycheck. Don't let them cut it.

**Call your Senator on November 30th
1-866-529-7630**

**Tell them: NO to Social Security benefit cuts.
Hands Off Social Security!**

STRENGTHEN SOCIAL SECURITY
...don't cut it.
